Yamhill County
DEMOCRATS

**Together,
Yamhill County
Can Do Better!**

**Work with us in assuring
opportunity, security and
fairness for all.**

This is a time of great global changes that impact Yamhill County.

Our civic investments must position Oregon to respond to those changes by both realigning services to the needs of the times and being run efficiently yet without loss of oversight & accountability.

Our policies must foster prosperity and opportunity for Oregonians around the state for the long-term — not only for us today, but also by laying the groundwork for our children and grandchildren to prosper and enjoy a fulfilling life in Oregon.

Mission

Our mission is to better people's lives by having a responsible government that works in the common interest.

We accomplish that by electing Democrats, because we share values & principles about the roles of government, to offices that represent Yamhill County.

Shared Values

As Democrats, we share core values about the role of responsible government and its relationship to market-based prosperity, individual responsibility and civil society.

We believe that:

- ★ government should work in our common interest, not for special interests — strengthening and expanding the middle class, helping our kids and stewarding our resources for future generations;
- ★ government should honor human dignity by protecting those unable to help themselves and move ever closer to the ideal that “all men are created equal” and deserve equitable treatment; and
- ★ government should not only protect but also expand our democratic freedoms ... from oppression by the powerful ... of civil rights, and ... to participate meaningfully in our democracy.

Shared Principles

We care about the future for our families and our communities and we're doing something about it.

We recognize that “we're in this together” and that government must work in America's Common Interest:

- ★ *Responsible Government Working in Our Common Interest*
- ★ *Accepting Our Shared Responsibilities*
- ★ *Assuring Freedom of Opportunity*
- ★ *Liberty through Open Democracy*
- ★ *Fairness through Equitable Treatment*
- ★ *Ethical Business*
- ★ *Values-based Foreign Policy*

Candidates

We are looking for candidates that demonstrate leadership by taking competent initiative ...

- ★ *to listen to people and understand the critical issues,*
- ★ *to shape people's understanding of key issues, and*
- ★ *to bring people together to work in our common interest*

in order to strengthen Yamhill County workers, families and their communities and businesses across generational, socio-economic, religious and other interest areas.
